

# What is a Class Action?

A legal case where many people have the same problem, so the result will effect all the people who are part of the **class action**.

## PROBLEM

DRM knows many people are facing the same problem.

## LAWYERS

DRM files a case so these people can get help. DRM asks a judge to make the case a **Class Action**.

## DECISION

A judge agrees to make the case a **Class Action** because **so many people** have **the same problem**. These people are known as **Class Members**.

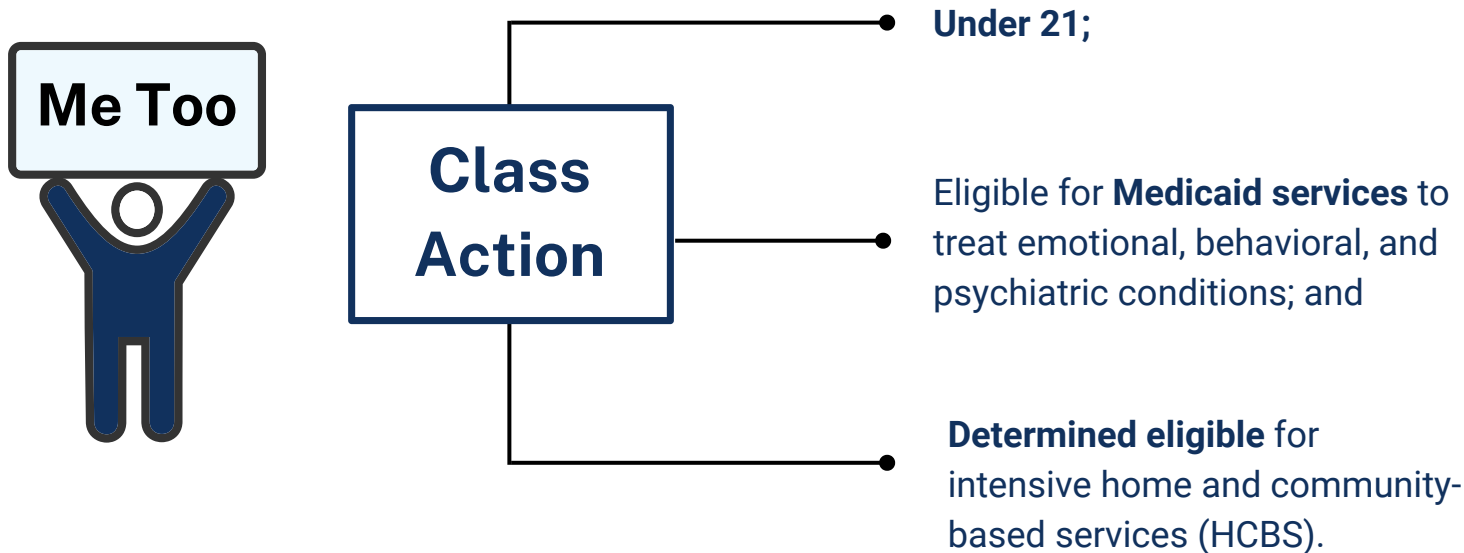

Me Too

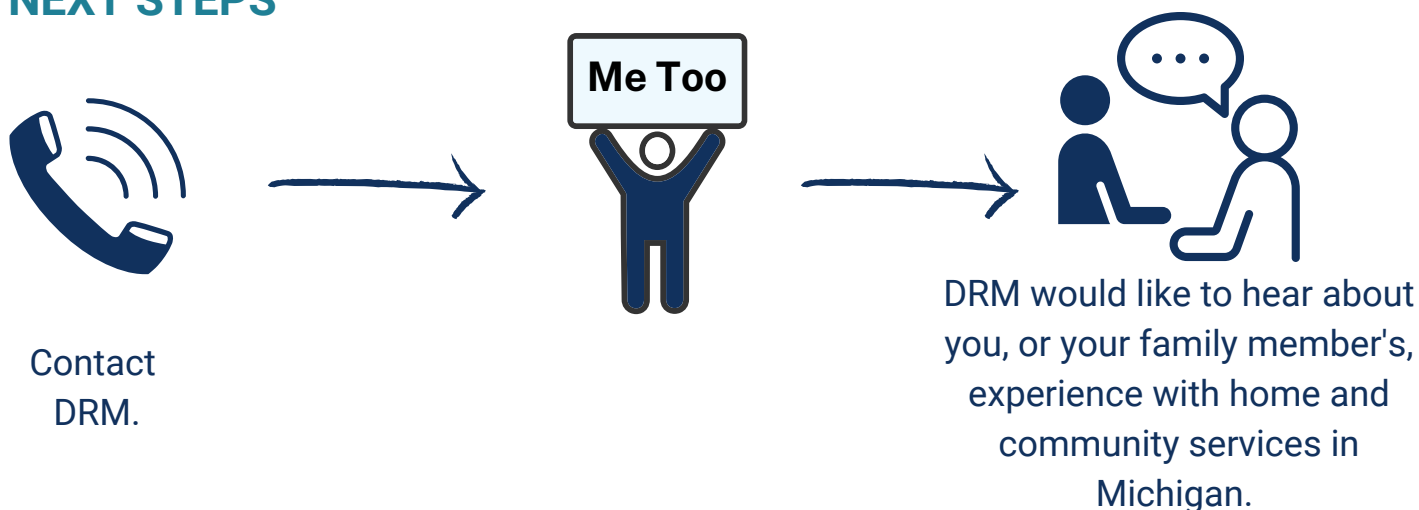

## CLASS ACTION

You might benefit from the **Class Action** if you meet the guidelines.

## AM I A CLASS MEMBER?
